

## Acoustic Diffuser Tiles

Quadratic diffusers for high & mid range noise control

- ▶ Australian made
- ▶ Dimetric or metric designs
- ▶ Custom colour choices available

Metric 550 Acoustic Diffuser

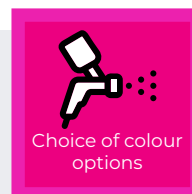

Dimetric 550 Acoustic Ceiling Diffuser

Metric 550 Acoustic Diffuser

## Acoustic Diffusers

- Correctly designed 2D quadratic diffuser
- Made in Australia from Australian sourced materials
- Useful diffusion range which extends into lower mid-range frequencies
- 550mmW x 550mmH x 105mmD
- Custom colour choice available for bulk orders
- 10 year warranty\*

# ACOUSTIC DIFFUSER TILES

## 550 ACOUSTIC DIFFUSERS

The Metric 550 is a correctly designed quadratic residue diffuser based around prime number 13. The Dimetric 550 is a correctly designed 2D quadratic diffuser mostly used on ceilings. Both units are ideal for diffusing high and mid range frequencies, making them ideal for meeting rooms, home theatres, and commercial venues.

### CONFIGURATIONS

- ~ Wall install (Metric)
- ~ Ceiling install (Dimetric)
- ~ Mount using either screws, glue
- ~ Optional wall mounting kit available

### Warranty

- ~ 5 Year Warranty
- ~ Extendable to 10 Year Warranty. Contact Prior to Purchase.

### Dimensions

- ~ 550mm x 550mm x 105 (W x H x D)
- ~ 5.5kgs weight (Metric)
- ~ 2.2kgs weight (Dimetric)
- ~ Perfectly square and dimensionally consistent for easy install of multiple units
